930 ZONE RECYCLED WATER PIPELINE
PUBLIC INFORMATION NOTICE #35

CONSTRUCTION ACTIVITY ON FOXGLOVE DRIVE

July 14, 2014

Dear Resident/Emergency Responder:

WHAT: In preparation of the recycled water pipe laying activities starting soon on Foxglove Drive, the following pre-construction work will take place.

1) Location marking and installation of seismic monitoring equipment within City parkway between the curb and sidewalk.

2) Installation of groundwater pumping equipment within the street next to the gutter.

WHERE: Foxglove Drive between Eucalyptus Avenue and Daisy Drive

DATES: July 21, 2014 through September 30, 2014

Pipe laying work will begin in the next 2-3 weeks. Additional updates will be provided to residents the week of July 21st. Traffic will be permitted in both directions. There will be flagmen onsite at Foxglove Drive to assist commuters with entering from and exiting onto Eucalyptus Avenue during construction.

WORK HOURS: 8:00 a.m. – 5:00 p.m.

IMPACTS: Residents will be able to come and go from homes. No street parking will be allowed on Foxglove Drive. To minimize construction impacts, please consider using Bluebell Drive when entering the housing development. Expect traffic delays up to 10 minutes within the tract due to construction activity. No utility or delivery service interruptions.

Benefitting the residents and businesses of Chino Hills and Chino, this project will provide recycled water as an additional source of water for landscape irrigation use and groundwater recharge. This project will save approximately 90 million gallons per year of drinking water, while helping to drought proof IEUA’s service area and keeping the cost of water low, providing a reliable source of alternative water. Funding for this project has been provided in full or in part through an agreement with the State Water Resources Control Board and the Environmental Protection Agency. The contents of this document do not necessarily reflect the views and policies of either the State Water Resources Control Board or the Environmental Protection Agency, nor does mention of trade names or commercial products constitute endorsement or recommendation for use. (Gov. Code § 7550, 40 CFR § 31.20.)

If you have any questions or wish to receive weekly e-mail updates, please contact Michelle O’Brien at 909-993-1501 or mobrien@ieua.org. For construction updates, please visit www.ieua.org.
