

**PUBLIC INFORMATION NOTICE #14
FOR THE CONSTRUCTION OF THE
930 ZONE RECYCLED WATER PIPELINE
EN13023**

DATE: January 27, 2014

Dear Resident:

The Inland Empire Utilities Agency's (IEUA) contractor, MNR Construction began relocating recycled water pipe from Daisy Drive to IEUA's property in Chino. Additionally, MNR Construction will relocate equipment to their construction yard. Both the pipe and equipment relocation will be completed by the end of this week.

While IEUA's engineers are addressing design issues regarding differing site conditions on Daisy Drive and Bluebell Drive, construction activities will focus on laying pipe along Eucalyptus Avenue starting at Pipeline Avenue. The pipeline will travel West on Eucalyptus Avenue, South on Bluebell Drive and West on Daisy. This work is expected to begin the first week in February. Flashing message boards will be placed on Eucalyptus Avenue notifying commuters of the upcoming construction and traffic delays.

If you have any **questions about the construction project or wish to receive weekly e-mail updates, please contact Michelle O'Brien at 909-993-1501 or mobrien@ieua.org**. For construction updates, please visit www.ieua.org.

Benefiting the residents and businesses of Chino Hills and Chino, this project will provide recycled water as an additional source of water for landscape irrigation use and groundwater recharge. This project will save approximately 90 million-gallons per year of drinking water, while helping to drought proof IEUA's service area, help to keep the cost of water low, and provide a reliable source of alternative water. Funding for this project has been provided in full or in part through an agreement with the State Water Resources Control Board and the Environmental Protection Agency. The contents of this document do not necessarily reflect the views and policies of either the State Water Resources Control Board or the Environmental Protection Agency, nor does mention of trade names or commercial products constitute endorsement or recommendation for use. (Gov. Code § 7550, 40 CFR § 31.20.)
