

**PUBLIC INFORMATION NOTICE #10  
FOR THE CONSTRUCTION OF THE  
930 ZONE RECYCLED WATER PIPELINE**

# **TREE TRIMMING ALONG ENGLISH CHANNEL**

**DATE:** December 11, 2013

Dear Resident:

The Inland Empire Utilities Agency's (IEUA) contractor has begun laying recycled water pipe along English Channel. It was noticed that some eucalyptus tree branches on the back side of your property are hanging into the construction area. To help protect the tree(s) IEUA has retained the services of an arborist to trim these said branches. The arborist will diligently work to maintain the aesthetics of the tree(s), balance the tree(s) and reduce the length and number of branches to minimize the chances of the branches becoming damaged during construction of the pipeline along English Channel. The trimming will only involve branches within IEUA's construction easement.

**HOMEOWNER'S ACTIONS:** Safety is our main concern and we ask for your assistance during this project by keeping children and pets away from work areas and observing all "Closed Access" signs. **Please do not access the construction area via your backyard.**

**WORK DATES AND HOURS:** Between December 12, 2013 and December 17, 2013 7:00 a.m. – 3:30 p.m.

**POSSIBLE IMPACTS: Temporary Equipment Noise.** Noise levels will comply with the City's noise ordinance limits of construction.

Benefiting the residents and businesses of Chino Hills and Chino, this project will provide recycled water as an additional source of water for landscape irrigation use and groundwater recharge. This project will save approximately 90 million-gallons per year of drinking water, while helping to drought proof IEUA's service area, help to keep the cost of water low, and provide a reliable source of alternative water. *Funding for this project has been provided in full or in part through an agreement with the State Water Resources Control Board and the Environmental Protection Agency. The contents of this document do not necessarily reflect the views and policies of either the State Water Resources Control Board or the Environmental Protection Agency, nor does mention of trade names or commercial products constitute endorsement or recommendation for use. (Gov. Code § 7550, 40 CFR § 31.20.)*

If you have any **questions about the construction project or wish to receive weekly e-mail updates**, please contact Michelle O'Brien at 909-993-1501. For construction updates, please visit [www.ieua.org](http://www.ieua.org). The City of Chino Hills website at [www.chinohills.org](http://www.chinohills.org) will also provide you with a link to IEUA's website.
