AGENDA
ENGINEERING, OPERATIONS, AND WATER RESOURCES
COMMITTEE MEETING
OF THE BOARD OF DIRECTORS
INLAND EMPIRE UTILITIES AGENCY*

WEDNESDAY, APRIL 12, 2023
10:00 A.M.

AGENCY HEADQUARTERS
BOARD ROOM
6075 KIMBALL AVENUE, BUILDING A
CHINO, CALIFORNIA 91708
VIEW THE MEETING LIVE ONLINE AT IEUA.ORG
TELEPHONE ACCESS: (415) 856-9169 / Conf Code: 721 323 248#

The public may participate and provide public comment during the meeting by dialing the number provided above. Comments may also be submitted by email to the Board Secretary/Office Manager Denise Garzano at dgarzano@ieua.org prior to the completion of the Public Comment section of the meeting. Comments will be distributed to the Board of Directors.

CALL TO ORDER

PUBLIC COMMENT

Members of the public may address the Board on any item that is within the jurisdiction of the Board; however, no action may be taken on any item not appearing on the agenda unless the action is otherwise authorized by Subdivision (b) of Section 54954.2 of the Government Code. Those persons wishing to address the Board on any matter, whether or not it appears on the agenda, are requested to email the Board Secretary/Office Manager prior to the public comment section or request to address the Board during the public comments section of the meeting. Comments will be limited to three minutes per speaker. Thank you.

ADDITIONS TO THE AGENDA

In accordance with Section 54954.2 of the Government Code (Brown Act), additions to the agenda require two-thirds vote of the legislative body, or, if less than two-thirds of the members are present, a unanimous vote of those members present, that there is a need to take immediate action and that the need for action came to the attention of the local agency subsequent to the agenda being posted.

*A Municipal Water District
1. **CONSENT ITEMS**

   A. **MINUTES**
   Approve Minutes of the March 8, 2023, Engineering, Operations, and Water Resources Committee meeting.

   B. **CENTRAL PLANT COOLING TOWER REPLACEMENT CONSULTANT CONTRACT AWARD**
   Staff recommends that the Committee/Board:

   1. Award a design consultant contract for the Central Plant Cooling Tower Replacement, Project No. EN23003, to IDS Group, Inc.; for the not-to-exceed amount of $263,984; and

   2. Authorize the General Manager to execute the contract, subject to non-substantive changes.

2. **ACTION ITEMS**

   A. **RP-1 SOLIDS THICKENING PROJECT AND ACID PHASE DIGESTERS DESIGN AMENDMENT NO. 4**
   Staff recommends that the Committee/Board:

   1. Approve a contract amendment for the Regional Plant No. 1 Solids Thickening Building, Project No. EN22044, to Carollo Engineering Inc., for a not-to-exceed amount of $351,112, increasing the contract from $14,557,895 to 14,909,007 (2.4% increase); and

   2. Authorize the General Manager to execute the contract amendment, subject to non-substantive changes.

   B. **RP-1 TERTIARY PLANT BUILDING WATER PIPING UPGRADES CONSTRUCTION CONTRACT AWARD**
   Staff recommends that the Committee/Board:

   1. Award a construction contract for the RP-1 TP Building Water Piping Upgrades, Project No. EN13016.06 to W.A. Rasic Construction Company, Inc. in the amount of $150,888; and

   2. Authorize the General Manager to execute the construction contract, subject to non-substantive changes.
C. **REGIONAL SYSTEM ASSET MANAGEMENT PROJECT, EN19024, FISCAL YEAR 2022/23 PROJECT BUDGET AUGMENTATION**

Staff recommends that the Committee/Board:

1. Approve a FY (Fiscal Year) 2022/23 project budget augmentation for the Regional System Asset Management Project, No. EN19024, in the amount of $282,283 from $414,297 to $696,580 (68% increase) on the Regional Operations and Maintenance (10800) Fund; and

2. Authorize the General Manager to approve the budget augmentation.

3. **INFORMATION ITEMS**

A. **OPERATIONS AND MAINTENANCE DEPARTMENT QUARTERLY UPDATE (POWERPOINT)**

B. **RECYCLED WATER GROUNDWATER RECHARGE UPDATE (POWERPOINT)**

C. **RP-5 EXPANSION PROJECT UPDATE (POWERPOINT)**

**RECEIVE AND FILE INFORMATION ITEMS**

D. **ENGINEERING AND CONSTRUCTION MANAGEMENT DEPARTMENT PROJECT UPDATES (POWERPOINT)**

4. **GENERAL MANAGER’S COMMENTS**

5. **COMMITTEE MEMBER COMMENTS**

6. **COMMITTEE MEMBER REQUESTED FUTURE AGENDA ITEMS**

**ADJOURN**

**DECLARATION OF POSTING**

I, Denise Garzaro, CMC, Board Secretary/Office Manager of the Inland Empire Utilities Agency*, a Municipal Water District, hereby certify that, per Government Code Section 54954.2, a copy of this agenda has been posted at the Agency’s main office, 6075 Kimball Avenue, Building A, Chino, CA and on the Agency’s website at [www.ieua.org](http://www.ieua.org) at least seventy-two (72) hours prior to the meeting date and time above.

In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Board Secretary at (909) 993-1736 or dgarzaro@ieua.org, 48 hours prior to the scheduled meeting so that IEUA can make reasonable arrangements to ensure accessibility.
MINUTES
ENGINEERING, OPERATIONS, AND WATER RESOURCES
COMMITTEE MEETING
INLAND EMPIRE UTILITIES AGENCY*
AGENCY HEADQUARTERS, CHINO, CA

WEDNESDAY, MARCH 8, 2023
10:00 A.M.

COMMITTEE MEMBERS PRESENT
Marco Tule, Chair
Paul Hofer, Director

STAFF PRESENT
Shivaji Deshmukh, P.E., General Manager
Francis Conceminio, Acting Senior Project Manager
Robert Delgado, Manager of Maintenance
Denise Garzaro, Board Secretary/Office Manager
Brandon Gonzalez Contreras, Technology Specialist I
Don Hamlett, Director of Information Technology
Michael Hurley, Director of Planning & Resources
Joel Ignacio, Senior Engineer
Michael Larios, Technology Specialist I
Nolan King, Manager of Information Technology
Jason Marseilles, Manager of Engineer
Cathy Nhothsavath, Associate Engineer
Sushmitha Reddy, Manager of Laboratories
Vicky Salazar, Senior Associate Engineer
Travis Sprague, Principal Engineer
Teresa Velarde, Manager of Internal Audit
Ryan Ward, Associate Engineer
Phebe Wang, Control Systems Analyst II

STAFF PRESENT via Video/Teleconference
Tony Arellano, Safety Officer
Pascual Bonilla, Intern
Pierre Cayatte, Senior Engineer
Javier Chagoyen-Lazaro, Director of Finance
Lisa Dye, Director of Human Resources
Warren Green, Manager of Contracts & Procurement
Jennifer Hy-Luk, Executive Assistant
Ryan Love, Deputy Manager of Operations
Bonnie Marseilles, Administrative Assistant II
Dennise Ramirez, Engineering Consultant
James Simpson, Engineering Consultant
Yvonne Taylor, Administrative Assistant II
Wilson To, Technology Specialist II
Megan Trott, Associate Engineer
CALL TO ORDER
Committee Chair Marco Tule called the meeting to order at 10:00 a.m. There were no public comments received or additions to the agenda.

1A. CONSENT ITEM
The Committee:

- Approved Minutes of the February 8, 2023 Engineering, Operations, and Water Resources Committee meeting.

2A – 2D. ACTION ITEMS
The Committee:

- Recommended that the Board:

  1. Award a construction contract for the Carbon Canyon Water Recycling Facility (CCWRF) Asset Management and Improvements, Project No. EN10076.000, to Garney Pacific Construction in the amount of $20,856,916;

  2. Approve a contract amendment to CDM Smith for Engineering Services During Construction for the not-to-exceed amount of $899,775, increasing the contract from $3,326,339 to $4,226,114 (27% increase);

  3. Approve the Lone Start Blower purchase in the amount of $171,000;

  4. Approve a total project budget augmentation in the amount of $1,742,950 to Project No. EN17006 increasing the budget from $30,007,050 to $31,750,000 in RC/10900 Fund; and

  5. Authorize the General Manager to execute the contract, subject to non-substantive changes;

as an Action item on the March 15, 2023 Board meeting agenda.

- Recommended that the Board:

  1. Award an aggregate master service consultant contract for Oxygen Transfer Efficiency Analysis services for DrH2O, LLC for a total aggregate not-to-exceed amount of $490,861 over a three-year period, with two, one-year options to extend; and

  2. Authorize the General Manager to approve and execute the master service contract, subject to non-substantive changes;

as a Consent Calendar item on the March 15, 2023 Board meeting agenda.

- Recommended that the Board:

  1. Award a design consultant contract for the Recycled Water SCADA Migration, Project No. EN23119, to Eramosa International Inc., for a not-to-exceed amount of $371,640; and
2. Authorize the General Manager to execute the contract, subject to non-substantive changes;
as a Consent Calendar item on the March 15, 2023 Board meeting agenda.

- Recommended that the Board:
  1. Approve Contract No. 4600003232 for a five-year contract (two-year fixed price
     with three, one-year options to extend) for the not-to-exceed amount of $1,000,000 to Royal Industrial Solutions for the purchase of electrical parts and
     supplies; and
  2. Authorize the General Manager to execute the contract;
as a Consent Calendar item on the March 15, 2023 Board meeting agenda.

3A – 3B. INFORMATION ITEMS
The following information items were presented or received and filed by the Committee:

- RP-5 Expansion Project Update
- Engineering and Construction Management Project Updates

4. GENERAL MANAGER’S COMMENTS
General Manager Shivaji Deshmukh waived his comments indicating he would provide the report at
the Finance & Administration Committee meeting.

5. COMMITTEE MEMBER COMMENTS
There were no Committee member comments.

6. COMMITTEE MEMBER REQUESTED FUTURE AGENDA ITEMS
There were no Committee member requested future agenda items.

ADJOURNMENT
With no further business, Committee Chair Tule adjourned the meeting at 11:04 a.m.

Respectfully submitted,

Denise Garzaro
Board Secretary/Office Manager

* A Municipal Water District

APPROVED: APRIL 12, 2023
CONSENT ITEM 1B
Date: April 19, 2023
To: The Honorable Board of Directors
From: Shivaji Deshmukh, General Manager
Committee: Engineering, Operations & Water Resources

Staff Contact: Christiana Daisy, Deputy General Manager
Subject: Central Plant Cooling Tower Replacement Consultant Contract Award

Executive Summary:
The Central Plant (CP) Cooling Tower Replacement Project is located at Inland Empire Utilities Agency (IEUA), Headquarters (HQ), behind the water quality laboratory, in the City of Chino. The CP has been in operation since 2004 and provides chilled and heating water for the HQ and Lab Buildings. The CP currently utilizes two cooling towers; their reliability is essential for its operation to provide the desired cooling and heating to the buildings. The condition of the old cooling tower has reached the end of its useful life and is severely deteriorated. The project scope also includes the installation of a new steel canopy to protect the control panels from the elements.

On January 5, 2023, IEUA issued a request for proposals to design consultants registered on PlanetBids. On February 9, 2023, IEUA received two proposals. The proposals were evaluated to determine which proposal offered the best value to IEUA. The IEUA evaluation panel determined that the most qualified consultant was IDS Group Inc. (IDS) with a design fee of $263,984. IDS has the technical experience and resources to successfully complete the project design. Additionally, IDS worked on CP upgrades in 2012 and is familiar with the system configuration and operation.

Staff’s Recommendation:
1. Award a design consultant contract for the Central Plant Cooling Tower Replacement, Project No. EN23003, to IDS Group, Inc., for the not-to-exceed amount of $263,984; and

2. Authorize the General Manager to execute the contract, subject to non-substantive changes.

Budget Impact

Account/Project Name:
EN23003/Central Plant Cooling Tower Replacement

Fiscal Impact (explain if not budgeted):
The project has an approved FY 22/23 Budget of $500,000 and an approved Total Project Budget of $2,400,000 in the 10200 Fund. This action is covered by the approved budget. The funding sources for the project include: property taxes and contributions from other funds.
Prior Board Action:
None.

Environmental Determination:
Statutory Exemption

CEQA exempts a variety of projects from compliance with the statute. This project qualifies for a Statutory Exemption as defined in Section 15262 of the State CEQA Guidelines.

Business Goal:
The Central Plant Cooling Tower Replacement Project is consistent with IEUA's Business Goal of Wastewater Management, specifically the Asset Management and Water Quality objectives that IEUA will ensure that systems are well maintained, upgraded to meet evolving requirements, sustainability managed, and can accommodate changes in regional water use to protect public health, the environment, and meet anticipated regulatory requirements.

Attachment 1
Central Plant Cooling Tower Replacement
Design Consultant Contract Award
Project No. EN23003

Kristian Saenz
Assistant Engineer
April 2023
Project Location: City of Chino
Project Background

• Central Plant (CP) provides cooling and heating water to HQ and Lab Buildings
• Cooling tower reliability is essential for CP operation
  – Installed in 2004
  – Reached the end of its useful life
• Outdoor control panels suffered multiple water leaks
• Increased maintenance
Project Scope

• Engineering and design services
  – Demolish cooling tower and related equipment
  – Install new cooling tower
  – Upgrade ancillary equipment and piping for the new tower
  – Install a new steel canopy to protect control panels
Consultant Selection

• PlanetBids Solicitation Period
  – January 5, 2023 – February 9, 2023
  – 35 Calendar Days (25 Working Days)

• Qualifications-Based Selection
  – Proposals evaluated by IEUA Staff
  – Experience, reputation, history, capabilities

Staff’s Recommendation

1. Award a design consultant contract for the Central Plant Cooling Tower Replacement, Project No. EN23003, to IDS Inc., for the not-to-exceed amount of $263,984; and

2. Authorize the General Manager to execute the contract, subject to non-substantive changes.

The Central Plant Cooling Tower Replacement Project is consistent with IEUA’s Business Goal of Wastewater Management, specifically the Asset Management and Water Quality objectives that IEUA will ensure that systems are well maintained, upgraded to meet evolving requirements, sustainably managed, and can accommodate changes in regional water use to protect public health, the environment, and meet anticipated regulatory requirements.
Engineering, Operations, and Water Resources Committee

ACTION ITEM

2A
The Regional Water Recycling Plant No.1 (RP-1) Solids Thickening and Acid Phase Digesters Project will improve the processes upstream of the digesters and construct additional capacity to permit future improvements that would increase the overall treatment capacity. During the recent process of evaluating new projects and the continuation of the existing design process, several items were identified that would improve the project or provide efficiency in the design and construction process. Subsequently, a design amendment was requested from the design consultant (Carollo Engineers, Inc.). The efforts included in this proposed amendment are: Task 1 - Belt Press Building Electrical Improvements, this task will upgrade electrical equipment in the existing Belt Press Building; Task 2 - Evaluate Plant 3 Primary Sludge Pumps, this task will provide analysis and design required to add the recommended in-line grinder to aid in the operation and maintenance of the portable Rotary Drum Thickener (RDT) unit and facility operations overall; and Task 3 - Hot Water Loop Rehabilitation, this task will provide the design to improve the existing hot water system inside the boiler building.

The contract amendment to Carollo Engineering, Inc., for a not-to-exceed amount of $351,112, increases the maximum authorized contract from $14,557,895 to $14,909,007 (2.4% increase).

Staff’s Recommendation:

1. Approve a contract amendment for the Regional Plant No.1 Solids Thickening Building, Project No. EN22044, to Carollo Engineering, Inc., for a not-to-exceed amount of $351,112, increasing the contract from $14,557,895 to $14,909,007 (2.4% increase); and

2. Authorize the General Manager to execute the contract amendment, subject to non-substantive changes.

Budget Impact  

<table>
<thead>
<tr>
<th>Account/Project Name:</th>
<th>EN22044/RP-1 Solids Thickening Project</th>
</tr>
</thead>
</table>

Fiscal Impact (explain if not budgeted):

The project has an approved FY 22/23 Budget of $4,500,000 and an approved Total Project Budget of $133,080,000 in the 10900 Fund. This action is covered by the approved budget. The funding sources for the project include: connections fees, property taxes, WIFIA loan, and reserves.
Prior Board Action:

On July 20, 2022, the board approved a contract amendment to Carollo Engineering, Inc., for a not-to-exceed amount of $880,393 increasing the maximum authorized contract from $13,677,502 to $14,557,895 (6.0% increase).

On December 20, 2017, the board approved a consultant contract for the RP-1 Capacity Recovery, Project Nos. EN24001 and EN24002 to Carollo Engineers Inc., for the not-to-exceed amount of $13,637,633.

Environmental Determination:

Project Environmental Impact Report

The project being approved falls within the scope of the previously approved Facilities Master Plans Program EIR in accordance with the requirements of Section 15168 of the State CEQA Guidelines.

Business Goal:

The RP-1 Solids Thickening Project is consistent with IEUA’s Business Goal of Wastewater Management, specifically the Asset Management objective that IEUA will ensure the treatment facilities are well maintained, upgraded to meet evolving requirements, sustainability managed, and can accommodate changes in regional water use.

- Contractor Staging Area
- E. Walnut St.
- Solids Thickening Project Footprint
Overall, this Amendment will allow the Agency to incorporate additional design elements in a manner that will:

- Increase efficiency of construction activities, and
- Reduce construction risk by limiting the number of contractors working in an area.

Task 1: Belt Press Electrical Improvements.
- Replace electrical components which are aging and problematic.
Amendment No. 4 Elements (2 of 2)

• Task 2: Evaluate Plant 3 Primary Sludge Pumps.
  —Add an inline grinder system
  —Improve operations and maintenance of sludge piping and equipment.

• Task 3: Hot Water Loop Rehabilitation.
  —Replace aging hot water pumping systems for boiler system to extend lifespan.

Staff’s Recommendation

1. Approve a contract amendment for the Regional Plant No.1 Solids Thickening Building, Project No. EN22044, to Carollo Engineering, Inc., for a not-to-exceed amount of $351,112 increasing the contract from $14,557,895 to $14,909,007 (2.4% increase); and

2. Authorize the General Manager to execute the contract amendment, subject to non-substantive changes.

The RP-1 Solids Thickening Project is consistent with IEUA’s Business Goal of Wastewater Management specifically the Asset Management objective that IEUA will ensure the treatment facilities are well maintained, upgraded to meet evolving requirements, sustainability managed, and can accommodate changes in regional water use.
ACTIONS
ITEM
2B
Date: April 19, 2023  
To: The Honorable Board of Directors  
From: Shivaji Deshmukh, General Manager  
Committee: Engineering, Operations & Water Resources  
04/12/23

Staff Contact: Christiana Daisy, Deputy General Manager  
Subject: RP-1 Tertiary Plant Building Water Piping Upgrades Construction Contract Award

Executive Summary:

The Regional Plant No.1 (RP-1) Supervisory Control and Data Acquisition (SCADA) Migration Project will replace Inland Empire Utilities Agency's (IEUA) obsolete SCADA system with an improved distributed control system technology. The RP-1 SCADA Migration final design was completed in November 2022, which included modifications to the Tertiary Plant (TP) operations building to convert office space to a new server room. Within the design, a small scope of work was developed to prepare the TP building retrofits prior to the migration project. The configuration at the TP building involves relocating existing potable water and utility water pipelines to create enough space for the future server room equipment. A subproject to the migration project was created to conduct this small portion of civil work. The SCADA migration scope of work is primarily focused on electrical and instrumentation, while the small scope of work is focused on civil improvements; this approach provides the best value to IEUA.

On January 3, 2023, IEUA issued an invitation for bids to the pre-qualified contractors on the under $2 million list. On January 31, 2023, IEUA received two construction bids. W.A. Rasic Construction Company, Inc. was the lowest, responsive, responsible bidder with a bid price of $150,888. The engineer's estimate was $150,000.

Staff's Recommendation:

1. Award a construction contract for the RP-1 TP Building Water Piping Upgrades, Project No. EN13016.06, to W.A. Rasic Construction Company, Inc. in the amount of $150,888; and

2. Authorize the General Manager to execute the construction contract, subject to non-substantive changes.

Budget Impact  

Budgeted (Y/N): Y  
Amendment (Y/N): N  
Amount for Requested Approval:

Account/Project Name:  
EN13016.06/RP-1 TP Building Water Piping Upgrades

Fiscal Impact (explain if not budgeted):

The project has an approved FY 22/23 Budget of $5,000,000 and an approved Total Project Budget of $31,117,055 in the Regional Wastewater Operations Fund (10800). This action is covered by the approved budget. The funding sources for the project include: sewer rates, property taxes, and capital replacement reserves.

Full account coding (internal AP purposes only): 1000 - 127108 - 10800 - 590000  
Project No.: EN13016
Prior Board Action:
None.

Environmental Determination:
Statutory Exemption
CEQA exempts a variety of projects from compliance with the statute. This project qualifies for the Common Sense Exemption as defined in Section 15061(b)(3) of the State CEQA Guidelines.

Business Goal:
The RP-1 TP Building Water Piping Upgrades Project is consistent with IEUA's Business Goal of Wastewater Management that ensures quality asset management and that systems are planned, constructed, and managed to protect public health, the environment, and meet anticipated regulatory requirements.

Staff’s Recommendation

1. Award a construction contract for the RP-1 TP Building Water Piping Upgrades, Project No. EN13016.06, to W.A. Rasic Construction Company, Inc., in the amount of $150,888; and

2. Authorize the General Manager to execute the construction contract, subject to non-substantive changes.

The RP-1 SCADA Migration Project is consistent with IEUA’s Business Goal of Wastewater Management that ensures quality asset management and that systems are planned, constructed, and managed to protect public health, the environment, and meet anticipated regulatory requirements.
Attachment 2
RP-1 TERTIARY PLANT BUILDING WATER PIPING UPGRADES CONTRACT

THIS CONTRACT made and entered into this 19th day of April, 2023, by and between W.A. Rasic Construction Company, Inc. hereinafter referred to as "CONTRACTOR," and The Inland Empire Utilities Agency, a Municipal Water District, located in San Bernardino County, California, hereinafter referred to as "IEUA".

WITNESSETH:

That for and in consideration of the promises and agreements hereinafter made and exchanged, IEUA and the CONTRACTOR agree as follows:

A. CONTRACTOR agrees to perform and complete in a workmanlike manner, all Work required under these Bid Documents FOR IFB-RW-23-004, Project No. EN13016.06, RP-1 Tertiary Plant Building Water Piping Upgrades in accordance with the Bid Documents, and to furnish at their own expense, all labor, materials, equipment, tools, and services necessary, except such materials, equipment, and services as may be stipulated in said Bid Documents to be furnished by IEUA, and to do everything required by this Contract and the said Bid Documents.

B. For furnishing all said labor, materials, equipment, tools, and services, furnishing and removing all plant, temporary structures, tools and equipment, and doing everything required by this Contract and said Bid Documents; also for all loss and damage arising out of the nature of the Work aforesaid, or from the action of the elements, or from any unforeseen difficulties which may arise during the prosecution of the Work until its acceptance by IEUA, and for all risks of every description connected with the Work; also for all expenses resulting from the suspension or discontinuance of Work, except as in the said Bid Documents are expressly stipulated to be borne by IEUA; and for completing the Work in accordance with the requirements of said Bid Documents, IEUA will pay and said CONTRACTOR shall receive, in full compensation therefore, the price(s) set forth in this Contract.

C. That IEUA will pay the CONTRACTOR progress payments and the final payment, in accordance with the provisions of the Contract Documents, with warrants drawn on the appropriate fund or funds as required, at the prices bid in Section 4 – Forms, Bid Price Schedule & Bid Forms, and accepted by IEUA, and set forth in this below.

Total Bid Price: $150,888 Dollars and 00 Cents.
D. IEUA hereby employs the CONTRACTOR to perform the Work according to the terms of this Contract for the above-mentioned price(s), and agrees to pay the same at the time, in the manner, and upon the conditions stipulated in the said Bid Documents; and the said parties for themselves, their heirs, executors, administrators, successors, and assigns, do hereby agree to the full performance of the covenants herein contained.

E. The Notice Inviting Bids, Instructions to Bidders, Bid Forms, Information Required of Bidder, Performance Bond, Payment Bond, Contractor’s License Declaration, Specifications, Drawings, and all Project Requirements, and all Addenda issued by IEUA with respect to the foregoing prior to the opening of bids, are hereby incorporated in and made part of this Contract, as if fully set forth.

F. The CONTRACTOR agrees to commence Work under this Contract on or before the date to be specified in a written "Notice To Proceed" and to complete said Work to the satisfaction of IEUA Ninety (90) calendar days after the Notice to Proceed. All Work shall be completed before final payment is made.

G. Time is of the essence on this Contract.

H. CONTRACTOR agrees that in case the Work is not completed before or upon the expiration of the Contract Time, damage will be sustained by IEUA, and that it is and will be impracticable to determine the actual damage which IEUA will sustain in the event and by reason of such delay, and it is therefore agreed that the CONTRACTOR shall pay to IEUA the amounts as set forth in Section 2 – General Information, S., Liquidated Damages for each day of delay, which shall be the period between the expiration of the Contract Time and the date of final acceptance by IEUA, as liquidated damages and not as a penalty. It is further agreed that the amount stipulated for liquidated damages per day of delay is a reasonable estimate of the damages that would be sustained by IEUA, and the CONTRACTOR agrees to pay such liquidated damages as herein provided. In case the liquidated damages are not paid, the CONTRACTOR agrees that IEUA may deduct the amount thereof from any money due or that may become due to the CONTRACTOR by progress payments or otherwise under the Contract, or if said amount is not sufficient, recover the total amount.

I. In addition to the liquidated damages, which may be imposed if the CONTRACTOR fails to complete the Work within the time agreed upon, IEUA may also deduct from any sums due or to become due to the CONTRACTOR, penalties and fines for violations of applicable local, state, and federal law.

J. That the CONTRACTOR shall carry Workers' Compensation Insurance and require all subcontractors to carry Workers' Compensation Insurance as required by the California Labor Code.
K. That the CONTRACTOR shall have furnished, prior to execution of the Contract, two bonds approved by IEUA, one in the amount of one hundred (100) percent of the Contract Price, to guarantee the faithful performance of the Work, and one in the amount of one hundred (100) percent of the Contract Price to guarantee payment of all claims for labor and materials furnished.

L. The CONTRACTOR hereby agrees to protect, defend, indemnify and hold IEUA and its employees, agents, officers, directors, servants and volunteers free and harmless from any and all liability, claims, judgments, costs and demands, including demands arising from injuries or death of persons (including employees of IEUA and the CONTRACTOR) and damage to property, arising directly or indirectly out of the obligation herein undertaken or out of the operations conducted by the CONTRACTOR, its employees agents, representatives or subcontractors under or in connection with this Contract to the extent permitted by law.

The CONTRACTOR further agrees to investigate, handle, respond to, provide defense for and defend any such claims, demands or suit at the sole expense of the CONTRACTOR.

IN WITNESS WHEREOF, The CONTRACTOR and the General Manager of Inland Empire Utilities Agency*, thereunto duly authorized, have caused the names of said parties to be affixed hereto, each in duplicate, the day and year first above written.

M. The CONTRACTOR, by signing the contract does swear under penalty of perjury that no more than one final unappeasable finding of contempt of court by a Federal court has been issued against the CONTRACTOR within the immediately preceding two year period because of the CONTRACTOR’s failure to comply with an order of a Federal court which orders the CONTRACTOR to comply with an order of the National Labor Relations Board (Public Contract Code 10296).

Inland Empire Utilities Agency*,
San Bernardino County, California.

President

* A Municipal Water District
Executive Summary:

In 2020, Inland Empire Utilities Agency (IEUA) with CDM Smith initiated the Collection System Condition Assessment and Optimization Project. The goal of the project is to enhance IEUA's planning and maintenance of the collection assets within the regional and brine sewer systems by gathering condition assessment data on several critical sewer assets and develop a comprehensive sewer system maintenance optimization program. The project is scheduled to be completed by June 2023.

Staff is recommending a Fiscal Year (FY) 2022/23 budget augmentation for EN19024 to complete the project as scheduled. The adjustment would augment the FY 2022/23 budget for EN19024 from $414,297 to $696,580 ($282,283 increase). This adjustment would allow the projected spending needed to close out this project to align with the total project budget. This change will not increase the total project budget for the project.

Staff's Recommendation:

1. Approve a FY 2022/23 project budget augmentation for the Regional System Asset Management Project, No. EN19024, in the amount of $282,283, from $414,297 to $696,580 (68% increase) in the Regional Operations and Maintenance (10800) Fund; and

2. Authorize the General Manager to approve the budget augmentation.

Budget Impact 

Budgeted (Y/N): Y  
Amendment (Y/N): Y  
Amount for Requested Approval: $282,283

Account/Project Name:

EN19024/Regional System Asset Management

Fiscal Impact (required):

If approved, the FY 2022/23 Project Budget for Project EN19024 will increase from $414,297 to $696,580 (68% increase) in the Regional Wastewater Operations Fund (10800). This change will not increase the Total Project Budget of $3,919,419 for the project. The funding sources for the project include: sewer rates, property taxes, and operating reserves.

Full account coding (internal AP purposes only): 1000 - 10800 - 501000 - 127100  Project No.: EN19024
Prior Board Action:
On September 21, 2022, IEUA's Board of Directors approved a FY 22/23 budget augmentation for the Regional System Asset Management Project, No. EN19024, in the amount of $50,237. On July 20, 2022, IEUA's Board of Directors approved a total project budget augmentation for the Regional System Asset Management Project, No. EN19024, in the amount of $329,000. On September 16, 2020, IEUA's Board of Directors approved a contract with CDM Smith for a not-to-exceed amount of $2,910,909 Project Nos. EN19024 & EN19028.

Environmental Determination:
Statutory Exemption
CEQA exempts a variety of projects from compliance with the statute. This project qualifies for a Statutory Exemption as defined in Section 15262 of the State CEQA Guidelines.

Business Goal:
The Collection System Condition Assessment and Optimization Service Project is consistent with the IEUA’s Business Goal of Wastewater Management, specifically the Asset Management and Water Quality objectives, that IEUA will ensure that systems are well maintained, upgraded to meet evolving requirements, sustainably managed, and accommodate changes in regional water use to protect public health, the environment, and meet anticipated regulatory requirements.
